## Temperley London x Romo - Fabrics Decorative Prints, Embroideries &amp; Weaves

Welcome to the world of Temperley London x  
Romeo, a mystical land of maximalism where the  
only limit is your imagination.

The beginning of a beautiful new chapter where fashion and interiors unite, the Temperley London x Romo partnership weaves a magical story with every stitch in a tapestry of dreamlike prints, romantic embroideries and indulgent weaves that enliven the senses. With a mythological escapism, each design is utterly enchanting, instilling and encouraging the belief in decorating without fear to create a truly unique home that transports you to a wonderland of pattern, colour and texture.

An immersion of bohemian grandeur, inevitably soft velvet, luxurious satin, graceful embroidery, and recent jacquards feature whimsical designs that narrate their own tale of myths and legends.

romto\_fabrics • Richly embroidered on a luxurious cotton satin, exposures of stylised palm fronds exude an Art Deco flair, complete with checkerboard detailing and punchy yet complimentary colour combinations.

Inspired by 1930s interiors and glamorous parties, the @temperleylondon closet features this striking pattern on floaty evening gowns and bohemian kimono. This design has been translated into a magnificent drapery cloth, retaining the essence of this bygone era.
